Introduction

Iowa's 13 Area Agencies on Aging are responsible for tracking and reporting on services provided to aging citizens of Iowa funded through Federal and State programs. After collecting detailed information on the services provided, recipients of the services, providers of the services, and the associated costs, the Iowa Department on Aging (IDA) is responsible for filing an annual State Performance Report (SPR) with the Administration of Aging. There were a total of **60,351** unduplicated consumers reported to INAPIS during SFY2013.

This report shows the number of older Iowans and units of service funded through Title III funding of the Older Americans Act, through the Administration on Aging (AOA), and limited state general fund dollars.

The information provided in this report is the result of hard work and dedication from the Iowa Aging Network who work as a team with IDA to progress toward IDA's vision of:

"To work closely with the area agencies on aging and other partners to design a system of information, education, support, and services to Iowans to assist them in maintaining their independence".

INAPIS Data

INAPIS data is reported to IDA from AAAs and this report represents information about consumers and services provided from July 1, 2012 through June 30, 2013. INAPIS data is dynamic and any corrections by the AAA at the local level after August 30, 2013 would not be reflected in this report.

The following definitions will assist you in using this document:

General Aging Program: Elderly persons that receive services/benefits from programs offered through Title III funding of the Older Americans Act, the Administration on Aging (AoA) and other funding (Federal, State, Local, etc.).

Family Care Giver: Persons that receive services/benefits from programs offered through the Title III-E Family Caregiver Program and other funding (Federal, State, Local, etc.).

Consumers: Eligible persons that receive services/benefits from programs offered through public funding (Federal, State, Local, etc.).

Services: A form of benefit received by the consumer; service can be recorded by individual consumers or aggregate consumers (tracks service delivery to a number of nonspecific consumers); service tracking can include but is not limited to: Title III services defined by Administration on Aging (AoA) and Title III-E Caregiver services.

Home and Community Based Services (HCBS): The combination of all the personal services that are combined to keep an older individual in their home in their community. Such services are personal care, homemaker, chore, home delivered meals, day care/ adult day health, case management, congregate meals, nutrition counseling, assisted transportation, transportation, legal assistance, home repair, health screening/wellness, preventive health, respite, emergency/response system, medication management, adult/consumer protection, protective payee, reassurance, visiting, counseling, placement service, assessment/ intervention and material aid.

See Page 20 for a list of service taxonomies and definitions.

Rural: Means all areas not defined as urban.

Urban: Means persons/territories inside urbanized areas and persons/territories outside urbanized areas in places with 20,000 or more people.

Registered Service: Services that require a INAPIS consumer registration containing a "detailed" profile of consumer characteristics that include:

- Minority status, by individual minority group
- Age group
- ADL/IADL status
- Sex
- Rural status
- Live alone status
- Poverty status

IDA encourages consumer registration for all services but requires consumer registration for 9 of the 14 AOA core services that include:

- Personal Care
- Homemaker
- Chore
- Home Delivered Meals
- Day Care/Adult Day Health
- Case Management
- Congregate Meals
- Nutrition Counseling
- Assisted Transportation

Note: Based on Federal Guidelines services cannot be denied to a consumer who refuses to complete a consumer registration for General Aging and Family Caregiver programs.

Aggregate Service: Services that do not require an INAPIS consumer registration containing a "detailed" profile of consumer characteristics and are entered as an aggregate total of consumers that received a service.

Service Unit: Description of how the service is delivered and recorded into the INAPIS system (i.e. hour, contact, session).

State Population Data: All state population data was based on July 1, 2011 Population Estimates obtained from the State Library of Iowa, State Data Center Program, 800-248-4483, <http://www.iowadatacenter.org>

The total number of consumers from all services is higher than the actual number of persons served across all services, because some people need and receive more than one service. Aggregate Consumer Totals represent the total count of consumers across General Aging, SLP Legal Services and Family Caregiver and do not require a INAPIS consumer registration containing a "detailed" profile of consumer characteristics and may include duplicate consumers.
